SKELLY AND LOY ADDS AN ENVIRONMENTAL FIELD SCIENTIST TO ITS STAFF
Amy L. Stover Assists with Environmental Studies and Permitting

Harrisburg, PA – August 16, 2016 – [Amy L. Stover](#) joined Skelly and Loy as an Environmental Field Scientist, assisting with stream assessments, wetland delineations and monitoring reports, bog turtle surveys, and Habitat Evaluation Procedure (HEP) analysis for projects throughout the Mid-Atlantic. She is currently preparing permit application packages for several public and private clients.

Ms. Stover has experience with data collection and surveys of threatened and endangered birds, river electrofishing, bald eagle monitoring, and she served as a Teaching Assistant for a fisheries class. Ms. Stover assisted in a ground-breaking Hunter Movement Study in the Sproul State Forest during deer rifle season in Pennsylvania where she collected data/information on deer hunter movement and monitored deer check stations to determine age, antler measurement, and live weight on harvested deer.

Ms. Stover earned an Associate Degree in Wildlife Technology and a Bachelor of Science Degree in Wildlife and Fisheries Science from The Pennsylvania State University. She is an active member of the Pennsylvania Association of Environmental Professionals (PAEP.)

Now in its 47th year, [SKELLY AND LOY](#) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. The firm's services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
